Subject: Staff Forum - Friday, April 1

As you probably know, the Regents of the University recently approved our hiring Kohn, Pedersen & Fox (KPF) of New York City as architects for our building project. KPF will be visiting here on Friday so I have asked them to join me for a Staff Forum where we can talk about the preliminary design and get your feedback and answer any questions. I can also update you on our plans for the period while we are under construction.

Thanks and I hope you are able to join us.
