

ANNOUNCEMENTS

1956 ANNUAL MEETING

The 1956 annual meeting of the American Business Law Association will be held at one of the Adirondack Mountain lodges of Syracuse University, Syracuse, New York, August 28-30, 1956. Suggestions for the program and offers to contribute papers should be sent at once to the Vice-President, Professor Wesley C. Harter, School of Business, Florida State University, Tallahassee, Florida.

The officers and Arrangements Committee expect the 1956 meeting to offer outstanding opportunities both for stimulating contact with scholars and teachers in the field of business law and for outdoor recreation in the Adirondack Mountains. Families are welcome and arrangements will be made for the entertainment of wives and children. Cottages will be available for family units. Swimming, fishing, boating, golf, tennis and other sports will be readily available on the grounds and in adjacent lakes. Rates will be announced; they will be very moderate although the accommodations are luxurious. Reservations and inquiries should be sent to Professor Edward A. Smith, School of Business Administration, Syracuse University, Syracuse, New York, as soon as possible.

REGIONAL MEETINGS

The American Business Law Association is encouraging the development of annual regional meetings. Regional meetings have been held at Biloxi, Mississippi, November 19-20, 1954; East Lansing, Michigan, June 11, 1955; New Orleans, Louisiana, November 24-26, 1955; and San Antonio, Texas, March 30, 1956. These meetings have been interesting and successful and have stimulated further growth in the national membership.

PERSONNEL FILE

The Secretary-Treasurer maintains a file of vacancies and applications for positions. Those having vacancies to fill or desiring to move should so inform the Secretary-Treasurer, including full particulars. Since the effectiveness of this service depends upon the currency of available information, the members' cooperation in notifying the Secretary-Treasurer of the acceptance of positions or the filling of vacancies is requested.
