Wishes
Everyone
The Very Best!

To the Graduates of 1983:

Congratulations on your accomplishments here at Michigan! We are proud to have participated with you in this stage of your life. While you have earned a degree or, perhaps two, your education is never complete. Every day will bring new opportunities for growth in knowledge and understanding, and you must seize each opportunity.

We expect that you will use your knowledge gained at Michigan as a basis for future growth personally and professionally. Also, we believe that you understand the critical importance to use your knowledge with integrity.

As a graduate, you have completed one phase of your affiliation with the school. As an alumnus, you have a long-term interest in the continued vitality of your school. We hope to see you often at alumni events, and to hear from you whenever you have concerns about your school.

Best regards from all of us.

Gilbert R. Whitaker, Jr.
Dean
