MINTEL OXYGEN

"

Your guide for academic success

Mintel is my first choice of search for all my investigative research on business topics. I find Mintel reports to be intuitive, comprehensive and easy to interpret. Mintel's extensive database covers wide-ranging topics from digital cameras to the automotive rental industry..."

Market and consumer research

Mintel Oxygen's market research provides comprehensive coverage of US and European markets in a visually driven platform. Reports cover everything from consumer behavior to SWOT and brand share analysis. Academic users have access to roughly 400 new reports each year.

Mintel's analysis combines consumer habits and attitudes with the competitive landscape, illustrating the big picture of today's fast-paced markets. A five-year forecast shows how businesses anticipate and plan for the future.

Online report features

- "What's Hot" analysis covering cross-category trends

Searching

- To search Mintel Oxygen, enter keywords in the search field at the top right of your screen and click go.
- Related reports will appear as a list of links. Click any report title to access that report.
- To save your search, click save search from the search results screen.
- Run or edit the search by choosing saved searches from the search tab.

"

...many times when I worked the business reference desk, I was able to point out Mintel reports that fit students' research needs perfectly. The students were overjoyed and so was I."

-Business School Librarian
