

Application Instructions

Ross Full-time MBA Program

The University of Michigan is in the final stages of testing and rolling out a new online application and expect it to be available by September 1. In the meantime, you can streamline the application process by preparing the following documents and saving them as .doc or .pdf files for uploading when the online application is live:

1. [Essays](#)
2. All test scores (GMAT or GRE, TOEFL or IELTS, if applicable). If you have not yet released your official test scores to the University of Michigan, please do so by the application deadline.
3. Undergraduate and graduate transcripts
4. Resume
5. Give your recommenders Ross' [recommendation questions](#) so they can begin drafting responses. As with the other application materials, recommendation letters must be submitted online as .doc or .pdf files. The form and questions will be sent electronically to your recommenders once you have submitted their email addresses through the online application.

We appreciate your patience, and please feel free to contact rossmbaadmissions@umich.edu if you have any questions.
